COAST ITEMS

The District Fair to be held in Nevada county, Cal., will commence on the 4th and end on the 8th of September. General Bidwell will deliver the address.

Napa river is a stream not over 30 miles in length, and yet the demands of travel require 10 bridges, three or four of which cost from \$3,000 to \$14,000.

Constipation, liver and kidney diseases are cured by Brown's Iron Bitters, which enriches the blood and strengthens the whole system.

A sudden change has taken place in the weather up in Siskiyou, and Summer hats and linen dusters are taking the place of heavy Winter clothing.

M. L. Wicks has offered \$5,000 and 20 acres of land if the Odd Fellows of California will raise \$15,000 more and locate the Odd Fellows' College and Home at Pomona, Los Angeles county.

The Supervisors of Stanislaus county, Cal., have fixed the rate of license for saloon-keepers at \$20 a month for those who take in over \$2,500 a month, and \$5 a month for those whose receipts are less than \$2,500 a month.

The report that petitions were being circulated to change the starting point for the Bieber mills from Redding to Anderson is incorrect. We are informed that such petitions will be circulated soon, remarks the Shasta Courier. Shasta people are in favor of Anderson's prosperity, rather than Redding's.

The Superior Court of Lake county, Cal., is composed of probably the youngest officials of any county in the State. Neither the Judge nor the Sheriff are much over 30 years of age, while the Clerk is much younger. But, what is better, says the Bee-Democrat, they are competent, as well as handsome officials.

There was a novel exportation at San Francisco lately. Two hundred sacks of orange peel, valued at \$1,000, were shipped to Havre. It was the first shipment of the kind from that port, and is the more singular because the orange peel consumed in this country is imported, and a large part is from Southern France. Orange peel is worth about eight cents a pound. Oranges are so plentiful in France, Spain and Italy, as well as in Florida and the West Indies, that the peel is stripped from the fruit in large quantities for bitters and marmalade, and the juice is used to make acids. It is estimated that 200,000 pounds of orange peel was imported in New York last year.

Young or middle-aged men suffering from nervous debility, loss of memory, premature old age, as the result of bad habits, should send three stamps for Part VII of Dime Series pamphlets. Address World's Dispensary Medical Association, Buffalo, N. Y.

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

29 Dearborn Ave., Chicago, Nov. 7. I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACH.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

EDITORIAL NOTES.

Mexico's revenue having risen from \$17,000,000 to \$35,000,000, she is thinking about paying off the debt contracted by Maximilian. This debt, which is mostly held in England, was not exactly repudiated, but no payment has been made upon it, either for principal or interest. Maximilian was an invader who was put upon a throne as Emperor of Mexico by the power of French bayonets, and there is good reason why the Republican Government should not regard such a debt as very binding. The United States repudiated the debts of the Confederate States. Still, if Mexico should prefer to effect some settlement of the Maximilian claims, it would look well for her financial honor, and doubtless in the long run she would reap the benefit in improved credit in the market of the world.

A proposition is made to unite New York and Brooklyn under one government, and it is received with considerable favor. Such a union would give the New World a magnificent city of about two million inhabitants. By the time of the eleventh census, in 1890, the American metropolis could dispute with Paris the title to be the second most populous city in the world. There is reason to suppose that two centuries hence New York and its cluster of suburbs will have outgrown London itself.

The Reno Savings Bank cases have at last been disposed of and the defendants discharged and the matter settled for all time. It was clearly demonstrated that the Grand Jury made a mistake when they indicted Crockett, Kinkaid and Batchelder. The county has been put to considerable expense in this matter, when, under our statutes, it was impossible to secure a conviction.

Denis Kearney, who was the first to take the stump in advocacy of General Stoneman for Governor of California, is the first to turn against him in a public speech. At the sand lot on Sunday he denounced the Governor as a fraud.

FOREIGN TELEGRAPH.

[PRESS DISPATCHES TO THE GAZETTE.]

The Last Dynamite Story Declared a Hoax.

LONDON, May 16. The head constable at Liverpool maintains that the story of the discovery on a transatlantic steamer of an infernal machine is a hoax. A correspondent at Liverpool, however, insists on the truth of the story and declares the police are anxious to minimize the importance of the affair.

LIVERPOOL, May 16. The Courier says it is positive that a dangerous machine was found on the steamer.

American Pork Not Good for the German Stomach.

BERLIN, May 16. The German Gazette attempts to prove by statistics that the danger of contracting trichinosis from American pork is sixty times greater than from German pork, and refers to the latest reports of the sanitary officers at Chicago and Boston and the publication in the New York Medical Journal to prove the correctness of the statement. The Gazette declares that inspection of American pork on its arrival at German ports has proved useless. It says that the quantity of American pork consumed in Germany is small and is decreasing, and that the question therefore is not of economy or importance.

The Pope Not Recognized in Irish Politics.

DUBLIN, May 16. A meeting of the National Land League was held to-day. Biggar, member of Parliament, said anything from the Pope should be received with respect, but at the same time the League should express its views in plain but inoffensive terms. Mayne, also a member of Parliament, said he wished the people to take theology, not politics, from Rome.

—Bismarck suffered greatly yesterday and almost as severely to-day from rheumatic pains.

Chinamen Poisoned by Hog-Meat—Railroad Matters.

PORTLAND, May 16. A number of Chinese employed on the Oregon & California Railroad were poisoned by eating hog-meat fattened on the flesh of horses that died during the winter from exposure and starvation. About 25 Chinese have died. The attack seemed like epileptic fits, proving fatal in a few hours. The Oregon & California Railroad advertise this morning for bids for a tunnel through the Siskiyou mountains, 3,070 feet long. There will be four other tunnels a short distance north. It has been decided that the Oregon & California will build their extension two miles south of the California boundary. The point of junction will be settled at a conference between the chief engineers of the Oregon and California and the Central Pacific.

A Dam Trouble on the Humboldt River.

WINNEMUCCA, May 15. The dam across the Humboldt river at Lovelock, in this county, was washed out last night, flooding several farms below it. It belonged to Marzen, Marker and other extensive farmers on the Big Meadows, and was used in diverting the waters of the Humboldt for irrigating purposes. The loss is considerable, and will be much greater if the high water prevents its being replaced until late in the season. The weather is unprecedentedly wet and cool for this season. Some five inches of snow fell at Humboldt Wells, up the river, last night.

Two Mill Creek Millionaires Have a Row About a Blanket.

BODIE, May 15. John Keating shot Bob Lowery twice, in the shoulder and wrist, at an early hour on Monday morning, at Bundy. The men are prospectors, who had cabined together and quarreled. Lowery was carrying off a blanket, claimed by Keating, when he was shot. Lowery was brought to Bodie, and Keating arrested. The former is badly wounded, but will probably recover.

San Francisco Intelligence—What is going on at the Bay.

SAN FRANCISCO, May 16. It is announced that the Mohave branch of the Central Pacific Railroad is completed to the Colorado river. The Atlantic and Pacific road has only sixteen miles to lay before reaching the river.

Efforts are being made to secure the attendance of General Sherman here on the Fourth of July. Of twenty-eight gamblers arrested Monday for visiting gambling houses where faro was conducted, eight forfeited bail of \$40 each and the others had their trial postponed.

A Montana Tornado.

BUTTE, M. T., May 16. A tornado passed over the section of country eight miles south of this city yesterday, leveling houses, trees and fences. Five hundred feet of fluming, thirty feet above the ground, was blown down. Six men who were at work at the time were seriously injured, and one has since died.

The Burned Steamer—Shoving Work Through.

SEATTLE, W. T., May 16. The wrecked steamer Mississippi slid off the beach at 10 o'clock this morning. Men are working night and day on the burned bunkers, and there is no doubt ten days more will see coal delivered over a temporary wharf.

The Plucky Britisher Wants More Pounding.

NEW YORK, May 15. The Tribune on Wednesday will state that Sullivan, the pugilist, offers to fight Mitchell for \$2,500 a side. Mitchell to use his bare fists while Sullivan will use gloves. Mitchell says he was not "knocked out," and expresses a desire to again meet the Boston champion.

The Cyclone That Destroyed a Whole Village.

CINCINNATI, May 16. Reports have been received of the ravages of Monday night's storm in Indiana and Ohio, showing that the cyclone swept across 12 miles in length about six miles north of Connorsville, Indiana, with a path a few rods wide, striking the little village of Waterloo and destroying every house but three.

God Help Them.

WASHINGTON, May 16. Wilson began the sixteenth day of his address to the jury in the star-route trial this morning.

—Last night a special freight train on the Chicago, Minneapolis, St. Paul and Omaha Railroad was derailed by running over a cow eight miles north of Omaha. The engine tipped over and caught the engineer, Jerome I. Getty, who was resiled to death.

—At Bonham (Miss.), Miss Bragg, a niece of General Bragg, yesterday saturated her clothing with oil and then applied a match. The cause was her protracted ill health. The young lady will die.

—Almost the entire village of Leamington, Ontario, was burned yesterday morning. The Deming House, Wegles & Pulford's store and a few other buildings are all that is left. Loss, \$150,000. Nearly five acres of ground were burned over.

VARIOUS QUACKS
 Who, Each With His Own Pet Scheme, Cultivate the Field of Human Nature.
 There have always been quacks—legal quacks, theological quacks and medical quacks. Some of them are blind, old fellows who argue and smile the world into believing in their favorite bit of humbug. Others are pompous and pretentious parasites. But they make it pay. Men seem to love to be swindled, stipulating only that it shall be neatly done.
 The dear people are equally liberal to the elect and magnetic fraud. The fellow is a genius in his line. He will put a magnetic belt around your waist, a magnetic necklace under your chin, or fit you out with an entire suit of magnetic clothes, warranted to serve the purpose of ordinary garments, and at the same time to cure all diseases, from whooping-cough to hasty consumption.
 Most of them have no more electric or magnetic power about them than resides in woolen blankets or girdles of osceoloth. Only when applied by an expert is electricity of the slightest use as a medicinal agent, and even then its value is greatly overstated. What is the strongest possible presumptive evidence in favor of a particular remedy? Clearly that it should have been prepared by responsible persons of acknowledged skill in the treatment of disease.
 Squared on this foundation stands BENSON'S CAPSICINE POROUS PLASTER. Endorsed by 5,000 physicians, pharmacists, druggists, it needs no further apology or introduction. It is the one and only true and tried external application. Quacks of all kinds pay the Capsicine the compliment of their dislike, as Satan is said to hate the holy water.
 Look in the middle of the plaster for the word "CAPSICINE." Price 25 cents.

 who were disabled by wounds, disease, accident or otherwise, the loss of a toe, piles, varicose veins, chronic diarrhoea, rupture, loss of sight, (or partially so), loss of hearing, falling back of measles, rheumatism, any disability, no matter how slight, gives you a pension. New and Honorable Discharge obtained. Widows, children, mothers and fathers of soldiers dying in the service or afterwards, from disease contracted or wound received while in service, are entitled to pension. Rejected and abandoned claims a specialty. **Bounty, Back Pay and Horse Claims Collected.**
 A pension can be increased at any time when the disability warrants it. As you grow older the wound has gradually undermined the constitution, the disease has made you more helpless. In some manner the disability has increased; so apply for an increase at once.
 Land and Patent Claims Solicited.

THE DEAD REMEMBERED.

A Handsome Monument Over Wm. Duck's Grave.

Hon. Jerry Schooling, as administrator of the estate of Wm. Duck and an old friend of the deceased, has erected a monument in the cemetery. Its base is composed of three feet of native granite, supporting a marble shaft 10 feet high, properly inscribed. It is a fine piece of work. The lot is 19x75 feet, and has 10 ornamental cut-stone posts supporting an elegant railing. John Courtney was the master mechanic and directed the work, which is a credit to both himself and Mr. Schooling, who devised it. This ornamentation of Wm. Duck's last resting place is a fitting tribute to a man who was a generous as he was good, and whose death cost Reno one of the most enterprising citizens she ever had.

SAVINGS BANK CASES.

Kinkadee and Crockett Acquired—Final Disposition of the Famous Cases.

LAST EVENING'S SESSION.

Book of bills receivable offered by plaintiffs to show that certain securities were in the bank the day before the suspension was ruled out by the Court.

D. B. Boyd sworn—Have acted as cashier of the bank since suspension. [Examined book.] This is the cash book of the bank and shows there should have been on the night of the 23d of June, 1890, in the vault of the bank in cash the sum of \$14,163 80.

Seymour Bryant sworn—Was clerk in the Reno Savings Bank at the time of the suspension; kept the check register and the book of bills receivable. I counted the cash on hand at the close of business on the evening before the suspension and found \$14,151 75 less \$701. The money was as follows: \$140 in standard dollars, \$160 in half dollars, \$225 in quarters, \$51 in dimes, \$818 in currency, \$1,490 in small gold, \$74 75 in foreign coin, \$25 in a silver brick and \$9,960 in \$20 pieces. I put this money in the vault; I locked the safe door.

Bachelder told me it would not be necessary to put on the time lock; he went to Virginia City that day. I saw him on the 24th at his house; was at the bank at about 8 o'clock on the morning of the 24th. Bachelder came there soon after. Some time after this I heard Kinkadee say that Bachelder was going to let his uncle in on the money, and he thought he would let his uncle have a whack at it. When I met Bachelder at the bank on the 24th he told me the bank had suspended. Kinkadee was not there.

Bryant examined by General Clarke—I left a box of watches at Kinkadee's house; took them for Kinkadee to select his own and uncle's watches; the balance were sold.

C. S. Varian sworn—I have a letter in Kinkadee's hand writing signed "Jim," and addressed to Bachelder, who gave me the letter. I received the letter from Bachelder who told me he found it in the bank on the night of the 23d of June, 1890. Letter read as follows:

Dear B—: Uncle Jim has withdrawn his money, which of course closes us up. If you can secure Crockett do so.

George Jamison sworn—Was in charge of Reno Savings Bank as keeper, placed there by Sheriff; Sheriff took inventory; I was there at the time; I saw saw some, but not all of the property inventoried; was present when the vault was opened; did not see who opened it; think Mr. Bryant was there. Saw Sheriff go into the vault; don't know whether there was money in the safe; I saw the safe five minutes after it was opened; saw Walker pick up a 20-franc piece from under the safe; he took no money from the vault; he took no money away from the bank when he left; I took particular notice of what was found; nothing but the fixtures of the bank was left in my care.

D. B. Boyd, recalled—I received the books of the bank on July 25, 1890; there had been no entries in the books from time of suspension until I received them. [Examined ledger.] Night of failure there was due James Kinkadee the amount of \$11,505; no check from James Kinkadee was found; I made my entries from slips found on file; I made a debit entry in the account of James Kinkadee of \$12,787; I charged cash with the slips I found on file; I found L. L. Crockett's checks for \$1,000, \$80 25 and \$25; I also found one debit slip signed R. M. Clarke, for \$818, but no check; I found one debit signed L. H. Morse, Treasurer, for \$1,357; these slips were all in the handwriting of James H. Kinkadee; L. L. Crockett's account, as shown by the books was balanced and closed June 14, 1890.

L. L. Crockett sworn—I saw Jas. H. Kinkadee on the night of the 23d of June, 1890, at his house in this town; had a conversation with him relative to affairs of the bank; I asked him if there was anything I could do to help bridge over the difficulty; he said no, there was nothing; I had visited the bank that night before I saw Kinkadee, and found that most of the money had been paid out; Bachelder and I visited Kinkadee together the night of the 23d; saw Bachelder that same night in Carson City, about 2 o'clock in the morning; I drew my check for the amount of money in the bank, to-wit: Silver coin \$1,086 22, silver brick \$25, foreign coin \$88. Some of the securities which I received from the bank that night was county scrip, but none of the scrip which I received is described in the indictment. I think all the securities I received bore interest, but am not able to state the amount of accumulated interest; some were due and some not due; they were all indorsed by J. H. Kinkadee the night of the 23d of June, at his house; Bachelder paid me the money and notes at the bank. I directed Bachelder to indorse my own and my wife's names, as I was in a hurry to get away on the train; my main object was to get the State's money; I directed Kinkadee to stamp my certificates of deposit as paid; I did not get enough money and securities to pay me what the bank owed me; there were offsets against some of the securities; I turned the securities over to James Kinkadee as collateral

security for \$6,000, which I borrowed of him to make my account good with the State; I received some of the proceeds of the notes which I had turned over to James Kinkadee, which I kept; received from C. W. Jones \$400 or \$500 on his note, held by James Kinkadee, a part of which I turned over to Kinkadee, and kept the balance; the whole amount received upon the securities held by James Kinkadee was \$6,000 28; many of the notes are not yet paid, and large losses were sustained on others; upon the Mayberry note and mortgage there was a loss of \$782; the aggregate amount of losses on the whole was \$3,498 83; these losses embody the expense of collecting; don't know the expense of collecting; I took these notes as security for my claim against the bank; the bank owed nothing to the State, it owed it to me.

General Clarke cross examined the witness very briefly, but elicited nothing in addition to the above.

[NOTE—On yesterday the Court held that the statute of 1891, relied upon in part by the prosecution, was repealed by the act of 1890, and that the latter act relates solely to public officers; that Crockett cannot be held under the statutes of 1878, as it is not shown that he was a servant of the bank, within the meaning of that act.—EDITOR GAZETTE.]

MORNING SESSION.

The Court convened this morning at 10 o'clock. D. B. Boyd recalled. Cross examined by General Clarke: As Cashier of the bank I kept the books. I found a slip of R. M. Clarke for \$817, which I checked to his account and gave him credit therefor. There was due to Clarke on June 24, 1890, \$3,559 27, less \$818, as per slip on file. On June 24 there was due James Kinkadee \$3,718. There was an account with L. L. Crockett, Treasurer. June 23 there was due Crockett \$6,740 13. On the 24th there was due Crockett \$5,653 38. I found all the slips on the counter-file of the bank.

Re-direct (shown the books)—The certificates of deposit (introduced) had not been paid on the 24th. The amount is \$1,538 44; certificates were stamped as having been paid. Don't think I was not directed to charge the account of Crockett, Treasurer, with these certificates. The entry of these certificates in the account of the State Treasurer increases the amount due Crockett. I charged Crockett with the face value of all securities received by him, showing an overdraft of \$3,231. I charged bills receivable with \$5,000 in school bonds, which I found on slip. As County Treasurer, I have paid three of the school bonds to L. Drexler. These school bonds were bought by the bank. Don't know how James Kinkadee came into possession of school bonds. James Kinkadee's account is charged with nothing except cash.

Mr. Bryant, recalled—I had no key to the vault; Kinkadee and Bachelder each had keys; the safe was in the vault and could not be opened without opening the vault. Crockett, recalled—Read a description of all securities received by him on the night of suspension; J. H. Kinkadee did not tell me that he had paid James Kinkadee any money; I did not know until I arrived that James Kinkadee had been paid.

Boyd continued—All entries were made as cash; school bonds do not appear in the books anywhere after the entry I made on the 25th of July, 1890; Crockett's account, as State Treasurer, is balanced; Crockett said the securities he received was in satisfaction of his account.

C. W. Jones sworn—Am a collector. Collected in 1890 certain notes belonging to the Reno Savings Bank amounting to \$3,573 47; hold still one note for \$200; James Kinkadee instructed me to take off sets; these notes were all indorsed by James Kinkadee, by J. H. Kinkadee, Manager; paid Dimon's note to L. H. Kinkadee, paid the Smith note, Wagar note, Clow & Hill note to J. H. Kinkadee, under instructions from James Kinkadee; paid some of the money to L. L. Crockett and some to James Kinkadee; I was collecting for James Kinkadee, who told me that he received the money which I had paid to J. H. Kinkadee and L. L. Crockett, all right.

Dickinson, sworn—The savings bank held a note for \$400 against me when it suspended. I paid the full amount to J. H. Kinkadee and took up the note.

J. H. Myers, sworn—The Reno bank held my note for \$28 45 when it failed, which I afterward paid to Mr. Varian; do not know that Varian retained any of the money for collecting.

D. B. Boyd, recalled—Examined bills payable in the book; there were no entries in this book by me; the receipt of Drexler for \$20,000 worth of securities for money loaned to the bank was filed in evidence, also book of bills payable; have made all payments on school bonds to Drexler.

F. C. Dickinson, recalled, and examined by defense—J. H. Kinkadee told me when I paid the note that the money was to go to his uncle. I paid no interest.

AFTERNOON SESSION.

D. B. Boyd recalled—There is no entry in the books showing that the bank ever received bonds for \$5,000 from James Kinkadee. The original entry showing the bond transaction is not in the books. Purchase of \$5,000 in bonds by Jas. Kinkadee is shown. Books do not show that the bank ever got credit for the \$5,000 school bond.

Don't know what became of the Drexler \$20,000 note; books show that the bank had \$12,000 and Jas.

Kinkadee \$5,000 in Reno school bonds.

Prosecution rested.

Defense asked for the dismissal of Crockett. The Court indicated that it would ask the jury to acquit. Defense also asked for same action in relation to Kinkadee, and the Court indicated the opinion that there was not sufficient evidence to allow the case to go to the jury.

Defense rested, offering no evidence, and asked that the jury be instructed to acquit.

District Attorney Alexander opened the argument for the prosecution, having been allowed half an hour by the Court.

Defense declined to address the jury. The Court proceeded, at considerable length, to charge the jury upon the law in the case.

Judge Rising's instructions were brief and pointed. His instructions on several points indicated that he did not think the prosecution had made out any case at all. He said that Crockett did not come within the province of the statute, and instructed the jury to acquit him. He said that there was nothing in the evidence to show that Kinkadee had in any way acted unlawfully; that the manager of a bank had a perfect right to prefer creditors, and that he committed no unlawful act in allowing James Kinkadee to withdraw his money from the vault, and that he committed no unlawful act when he paid Crockett money and transferred bank securities to him.

The case went to the jury at 3 o'clock, and they returned a verdict of not guilty in about 20 minutes. Crockett and Kinkadee were discharged and their bondsmen released. Thus ends the Savings Bank suit for all time.

Mrs. Winzel has an elegant stock of millinery goods, and is disposing of them at greatly reduced prices, for cash. Her stock of hats, bonnets, etc., is the finest ever brought to Reno. Give her a call.

When you want a real refreshing glass of something call at Jake Becker's and get some of his Fredricksburg beer—the genuine lager. There is nothing so fine. It is both nourishing and exhilarating.

Reno's wood haulers seem of the opinion that the attempt to run 16 inches of water through a 12-inch box or sluice is most too much of a strain on the box, the result of which is a small flood of water running in the roads, to their damage.

The Carpenters are the latest family to discover \$200,000 of property belonging to them in England. Now you young fellows needn't hurry off and marry the Carpenter girls on the strength of that. When they get the money you won't be on hand to hear of it. All you've got to do now is to go to the White House and array yourself in good clothes if you want to catch one of the girls. Fine clothes make the mare go. Abrams Bros. know how to put a harness on a man.

Unfounded Rumors About the Change of Time on the C. P. Railroad men say that the rumors relative to a change of time on the Central Pacific are unfounded. The Union Pacific wants to shorten the time between Ogden and Omaha to beat the Denver & Rio Grande, but if the time is reduced more than eight hours, unless the reduction exceeds more than 16 hours, it will take trains into San Francisco at night, and this railroad men say the Central Pacific will not sanction, as they do not like to cross the Bay at night.

A Man Charged with Forgery Arrested in Reno.

R. W. Herold was arrested last evening upon the arrival of the west bound passenger train by Deputy Sheriff McInnes, upon a telegram from Sheriff Brown at Ogden. Herold is charged with forgery, and a telegram received at the office this afternoon asks McInnes to hold the prisoner until the Utah officer can reach here with a requisition.

FROM THE STATES.

A Party of Eastern Tourists Spend the Night in Reno.

Reno was visited by two parties of distinguished eastern excursionists last night, composed of E. B. Haskell, editor and proprietor of the Boston Herald; Isaac T. Burr, financial director of the Atchafalaya and Topeka Railroad; D. M. Haskell, town site agent for the C. P.; Judge Hyde, a very eminent jurist from Boston, and at the present time a State Senator from Suffolk county, Mass.; J. T. Burr Jr., and several other ladies and gentlemen. The party left Boston April 14, and came over the southern route. They visited Guaymas, Mexico, and took a general circuit over the southern system of railroads. E. B. Haskell is a heavy stockholder in the Mexican Central. The party honored the Horse Company with their presence last evening. E. B. Haskell has been connected with the Boston Herald since 1865. The private cars in which the party is traveling left for the East this morning, attached to the overland express.

A GREAT UNDERTAKING.

What an Enterprising Prospector Proposes to Do.

Some of Mills' plans, developed in the recent land contest between him and Bushman, says the Plumas National, prove that he has in view one of the grandest mining operations of the age. His iron shaft in the centre of the valley is showing some very favorable indications, and if, when it reaches bedrock, the results are what may reasonably be expected, he contemplates putting down a number of such shafts up and down the valley, and also the running of a tunnel which will be nine miles in length, to drain the valley. Nearly three miles of this tunnel will be in bed rock. It is something new in the mining line, and is a gigantic operation which will furnish labor for hundreds of men and necessitate the expenditure of hundreds of thousands of dollars. The work he proposes to do would prove of incalculable benefit to Plumas county.

Last Night's Lecture.

The lecture last evening by Miss Willard, the great temperance woman, was largely attended and very interesting. She is a pleasing speaker and her arguments were sound and logical. At times she was quite eloquent and painted the evils of intemperance in true colors. Reverends Jenvey, Palmer, Hatch and Mrs. Cook, President of the W. C. T. U., also made short speeches. An earnest appeal for substantial financial aid was made, but only \$30 was collected, and one gentleman gave \$5 of that. Reno is a good field for workers in the cause of temperance to reap a good harvest, and if Miss Willard could have remained a few days her labors would not have been unrewarded.

A Good Year.

George Alt says this will be the best year Washoe has had since bonanza days. This weather is just right. The cold, moist weather brings up all the grain, as the sun doesn't bake the surface. It is the best kind for alfalfa, but not just the best for wild hay. Still wild hay only makes one crop a year, anyhow, and it has plenty of time for maturing, even in a short season. Having two mills instead of one will make a better demand for wheat. The farmers will have a good market for everything, and are sure of big crops.

To Borrowers.

Mr. Jenvey has a large number of books belonging to his private library loaned through the town to different parties. He learns that it may be necessary for him to leave for the East earlier than he expected. He desires, therefore, that all persons having books belonging to him will return them immediately as he wants to pack them for shipping.

Only Frightened.

A few days since Mrs. Chamberlain, being moved to Susanville by her husband and son, was thrown out of the carriage while passing a freight team on the hill beyond the Junction House, Long Valley. She received a frightful scare, nothing more; and her many Reno friends will be glad to learn that the lady was better and getting along nicely at last accounts.

Reno Ahead.

A Butte county laborer is the happy owner of a beard three feet long. But it is of a fiery red. There is a man in Reno who has a beard four feet long, and it is beautifully black. Now come on with your other length and color.
